### THE TOP 40 BEST BUYS LISTING

updated in each issue of *The Wine & Spirit Insider*. Some wines may - if they are still available - remain in the next issue's Top 40 Best Buys group. Others will sell out, or be replaced by higher-rated wines. Price is a major factor in selection. *The Wine & Spirit Insider's* Top 40 Best Buys listing comprises the best wines currently available, from big-name brands and the higher volume 'second labels' from the smaller producers, as tasted by *Winestate* Magazine panels. The Top 40 Best Buys listing gives credit to the value wines in the marketplace - wines that would otherwise be overshadowed by their much more expensive cousins.

#### HOW IT WORKS

In each issue *Winestate's* publisher Peter Simic selects the most specific price points. All wines have previously been judged by panels of expert judges.
